

Facility Services

Russo's Unique Advantages

- Construction background eliminating the need for subcontractors
- Experienced in both the public and private sectors
- Fast results in short lead times
- Soil investigations in remote and difficult conditions
- Modern fleet of equipment with NYSDEC Part 364 waste transporter permits
- HAZWOPER and confined space certified
- Professional, experienced equipment operators and technicians assuring a safe and productive work environment

THE RESULT: Complete environmental contracting services, eliminating the need to deal with multiple contractors, regulatory issues and red tape.

Comprehensive facility services are especially important when dealing with a delicate environmental situation. One of the many advantages of working with Russo Development is our extensive experience taking projects from start to finish in both the private and public sectors. We eliminate the need for subcontractors because we can do it all.

When you connect with Russo Development, your concerns are discussed with a team member who is experienced in facility services and can get your job moving as quick as possible. We understand the urgency and time-frame associated with projects of this nature. Call us to begin your facility services planning at 716-844-8745.
